

IGNITE 405

Men's Program

Policies and Procedures

The decision for residency will be based on completion and approval of an application. Individuals observed behaviors within the institutions, jails, recovery programs and recommendations from the courts or of those of integrity within our community or ministry programs will be considered.

The men in the ministry home are expected to obtain jobs, pay program fees, fines, court costs and probation/parole fees. The men will meet the requirements of their probation/parole officers or drug court. The men are expected to become involved in a local community church and become active in recovery meetings.

The home is designed to be a 12-month program. The Church of Acts offers a *Freedom Reigns* recovery group once a week that is mandatory for all men in the program.

These guidelines are in place to motivate and move men towards self-sufficiency instead of enabling dependency. Failure to follow guidelines will result in sanctions. Three sanctions are an automatic dismissal from the home.
